Dear PROTECTORS of what we hold DEAR in California,

PLEASE KNOW THAT WE TREASURE OUR ENVIRONMENT AND OUR AIR! WE ARE VERY MUCH OPPOSED TO THE Cap-and-Trade Program that WOULD ALLOW INDUSTRIAL POLLUTERS to Purchase CARBON "Offset Credits" INSTEAD OF REDUCING THEIR OWN GREENHOUSE GAS EMISSIONS! This would ALLOW "Clearcutting" Which WOULD DESTROY OUR FORESTS & OUR AIR & CREATE EVEN MORE GAS EMISSIONS THAN BURNING FOSSIL FUELS! WE DEFINITELY PROTEST Cap-Trade in the WEST!

Sincerely, NATALIE REED & Friends Throughout America
